HONORABLE MENTION

CAMELBAK MULE NV

\$115 / CAMELBAK.COM

There's a reason CamelBak still dukes it out at the top of the hydration pack pyramid-all of their packs are extremely well-designed. Consider the venerable Mule, which sports a fleece-lined media/phone pocket, an integrated rain cover, detachable waist belt with pockets for multi-tools and, most importantly, the best bladder in the business. CamelBak's Antidote Reservoir features a quick-detach hose, excellent bite valve and is a breeze to fill and clean.
