Camelbak Charge LR

<u>Camelbak's</u> lightweight Charge LR has a unique delta-shaped 70-ounce bladder that fits around your lower back. That means the heaviest part of the pack is stabilized around your hips, not bouncing around on your shoulders. The minimalist design keeps weight down, but leaves room for essential items such as multi-tool, pump, spare tube, extra clothing, food, phone, wallet, and car keys.

Price: \$100
